

# SHADE PHOTOGRAPHY GUIDE

Please provide us with the following 6 photos

**1** Pre-Prep photo with no dehydration

**2** Closest shade tab and a tab that is one shade brighter

**3** Incisal edge with tab #1

**4** Incisal edge with tab #2

**5** Stump Shade - Using any shade tab for reference

**6** Final photo with crown in place

*Our goal is to create dental prostheses that recreate the unique form, function, and esthetics of the patient's natural dentition.*
